\$410,613 31

LOSSES ADJUSTED AND PAID during the year 1865, in a very marked and striking manner exhibits the solid, substantial, and reliable service rendered patrons by the Phoenix, as well as its ability to pass through seasons prolific of conflagrations, with honor and profit to those most interested.

\$800,000 00

Cash income, for the past year reveals the constant and steady progress of this popular corporation in the face of a bitter, vindictive, and illegitimate competition.

An average annual cash dividend to Stockholders of fourteen per cent. upon its capital stock, since its incorporation, portends the great success and stability of this eminent institution, the superior financial accuracy displayed in its investments, and the important truth that the management of the PHOENIX is in the hands of those who know how, successfully, to conduct a

Flattering Testimonials
OF THE

AETNA INSURANCE COMPANY,

From the Insurance Department of the

STATE OF NEW YORK

THE INSURANCE COMMISSIONER TO THE LEGISLATURE:

"The Aetna Insurance Company, of Hartford, one of the most successful Fire Insurance Companies of this or any other country."

"Connecticut Companies follow the rules and practices of the Aetna almost as carefully as if they were embodied in statute law."

Again, pointing to errors of practice in New York companies, the Aetna's successful management and solid rules are called to their attention thus:

"It still remains more a matter of wonder than imitation in the insurance world."

"By what subtle alchemy has this corporation been enabled to turn its full-paid capital into the philosopher's stone?"

"The extraordinary events which have distinguished its unparalleled financial history."

The average losses per dollar in the United States, of the various companies, are about

\$250,000.

The telegraph daily sounds startling tales warning to all prudent persons.

DO NOT NEGLECT THE SECURITY OF RELIABLE INSURANCE.
